TSD Conduct/Behavior Consequences

TSD strives to provide a safe, educational and fun summer experience for all participants. Staff will follow positive behavior support strategies when working with our students. Misbehaviors will be addressed through teachable moments. If, however, there is a pattern of misbehaviors or serious behaviors, the behaviors will be addressed through consequences.

All students are expected to follow this TSD Code of Conduct by avoiding the unacceptable behaviors listed on this paper. Below is a list of unacceptable behaviors that may result in a student being sent home from the TSD Summer Program. This list is NOT all-inclusive. There may be other unacceptable behaviors that are not listed that could result in removal. The decision to remove a student from the summer program will be made by the program supervisor and a committee of TSD administrators.

Parents/Guardians will be notified as soon as possible when any offense is committed that could possibly result in his/her child being sent home.
